ABOUT ME

Motivated B.Sc. Artificial Intelligence & Machine Learning undergraduate with a strong foundation in Python, SQL, data analysis and machine learning, plus hands-on exposure to deep learning, computer vision, NLP and web development. Builds practical, well-documented projects and has completed two internships in website analysis and digital marketing. Seeking an internship where I can apply my technical skills while growing as an AI professional.

EDUCATION

AAFT College, Noida

2025 – Present

Bachelor of Science (B.Sc.) in Artificial Intelligence & Machine Learning

Relevant Coursework: Machine Learning • Python Programming • SQL & Database Management • Data Visualization (Power BI) • Unstructured Data Handling (NoSQL) • Data Structures & Algorithms • Cloud Computing

PROJECTS

Machine Learning Projects

github.com/haadiya-hasan/Machine-Learning-1

Python, Pandas, NumPy, Matplotlib, scikit-learn

- Built a **House Price Prediction** mini project using linear regression, covering data cleaning, feature engineering, outlier handling and model evaluation.
- Developed a **KNN-based Breast Cancer Detection** classifier and an **NYC Taxi Trip Duration** prediction model.
- Performed exploratory analysis on **Big Mart sales**, stock, weather and auto MPG datasets in Jupyter Notebook.

Data Structures & Algorithms using Python

github.com/haadiya-hasan/Data-Structure-using-Python

- Implemented core data structures and solved algorithmic problems in Python across practical assignments.

Cloud Services for AI & Big Data

[Cloud-Services-for-AI](#) | [Big-Data-and-Unstructured-Data](#)

- Completed hands-on labs on cloud computing for AI and on big data / NoSQL databases, documented in public repositories.

WORK EXPERIENCE

Triserv 360

Jun 2026 – Aug 2026

Website Analyst Intern (Unpaid)

- Reviewed the company website's structure, content and user experience to identify areas for improvement.
- Analysed website performance and shared findings and recommendations with the team.

Novus Connect Pvt. Ltd.

2025 (1 month)

Digital Marketing Intern

- Assisted in planning and creating social media content.
- Designed promotional graphics using Canva.
- Helped improve audience engagement through digital campaigns.

SKILLS

Technical Skills

- Python
- SQL
- MongoDB
- HTML / CSS / JSON
- Node.js
- Three.js

AI & Data Science

- Machine Learning
- Deep Learning
- Computer Vision
- NLP
- Prompt Engineering
- Pandas, NumPy, Matplotlib
- Data Analysis & Visualisation

Tools & Platforms

- Power BI
- MySQL
- VS Code
- Git & GitHub
- Canva
